SWE110

Lesson 14

Prof. Zachi Baharav

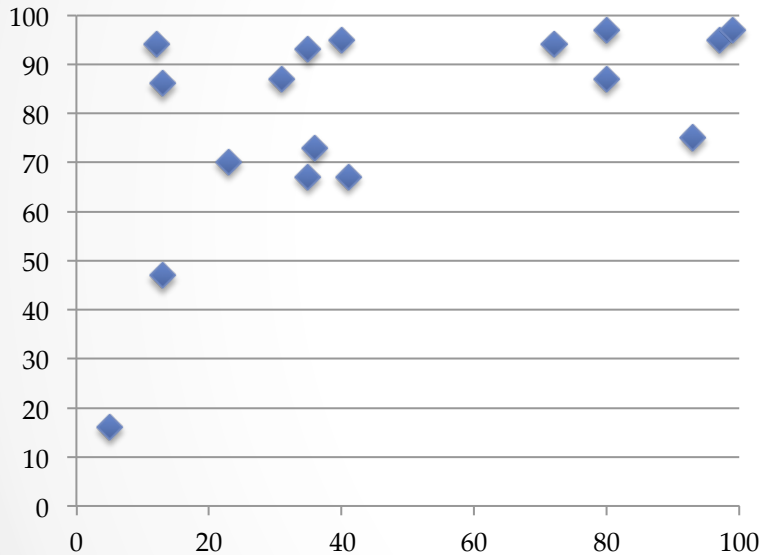

zbaharav@cogswell.edu

1 hour of search on Google
can save you
10 minutes in the library

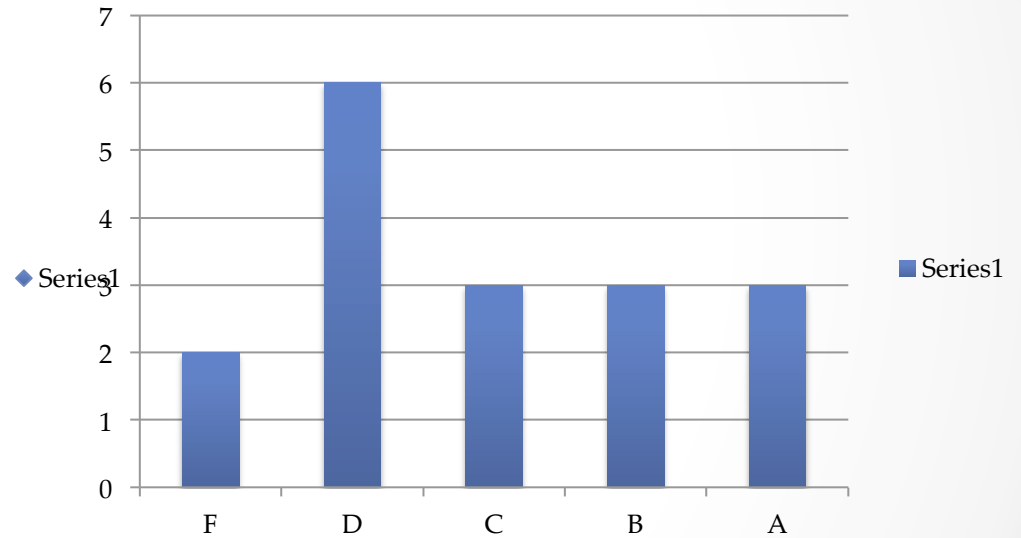

(...or 5 minutes talking with someone who knows)

Mid Term

Test (x) .vs. Homework (y)

MidTerm grades dist.

BlackJack

- Long program (over 100 lines for many!)
- Some made it way too complicated !!!
 - No need for suits
 - No need to throw away the skeleton-program I sent
 - Drop an email or come by to ask!

Moving forward

- Structure
- Program with multiple files
- File I/O
- Bits?
- Memory allocation?
- Project !
- Spiral...

Time to program!!

Dungeon (will be structures)

END
